ONLY WAY OUT IS WAR

All Hope of Settling the Dispute in Transvaal Is Gone.

PEACE NO LONGER.

Orange Free State Will Help The Transvaal Fight the British. Two Courses Left for Great Britain.

London, Sept. 28.—The decision of the viceroy of the Orange Free State to join with the Transvaal in the event of hostilities will naturally stiffen the Boers' independent attitude. The Boers' resolution made the brotherhood arms between the Transvaal and Orange Free State, which hitherto there was only a strong probability, an absolute certainty and the British have to face the situation.

This leaves the British government but two courses to pursue. One is to make peace with President Kruger upon terms which is suitable to him and the people of the Transvaal, and the other to fight it out.

As Great Britain has never receded from a firm stand, war is the only hope now of finally settling the trouble.

Intense excitement continues to prevail at Pretoria where apparently it is believed there is no escape from war. The commission appointed to consider the matter reports what is necessary to carry on the government in the event of war and fixing their salaries.

The field cornets of Pretoria, are again serving out rifles, commanding is actively proceeding and all preparations are being made to take the field.

An Englishman named Robertson has been arrested at Johannesburg charged with high treason. He is alleged to have enlisted recruits for the Imperial light horse.

American Mules for South Africa.

New Orleans, Sept. 28.—The British government has chartered two big steamships in Liverpool, of the Elder Dempster line, to sail for New Orleans and load with mules, supplies, forage and teamsters for some South African port, the first vessel will be due at this port Oct. 4 or 5, and the second one a few days later. One will carry 700 mules and the other 1200. Major Scobell closed the first contract for the mules Wednesday. The order was for a considerable number, just how many, Major Scobell says he cannot state, and it is understood the purchase was made in St. Louis. Major Scobell says he has no instructions to enlist teamsters, but has been asked by the war department to investigate and see what can be done in case they decide to ship several hundred along with the mules. "I find there will be no trouble to get all I want should they order me to enlist them," said he. "My plan will be to open offices here in New Orleans and Memphis, where, I am told, men of that trade are to be had in large numbers."

Construction Work in Texas.

Dallas, Sept. 28.—The contract for building 24 miles of track for the Texas and New Orleans road between Cedar and Athens will soon be let by William Whyte, engineer of maintenance of way. This will complete the long talk of extension of the Texas and New Orleans line, of which the Texas Trunk has become a part through absorption. When this gap between Cedar and Athens is bridged over the distance between Dallas and Athens will be 75 miles. Mr. Whyte thinks that trains will be running into Athens from Dallas over the Texas Trunk by the end of next January at the very latest, as it is proposed to push the work forward with all possible speed. This extension will open up a hitherto unpenetrated strip of territory, embracing some of the finest timber lands in the state.

Two Postoffices Robbed.

St. Louis, Sept. 28.—The postoffices at Bingham, Ills., and Sidney, Neb., have been robbed. From the Bingham office all the stamps and all the money was taken, burglars breaking into the office and taking the safe a quarter of a mile away, where they blew it open. At Sidney \$125 in money order funds were stolen and \$75 of postal funds. Chief Postoffice Inspector Dice was advised of the two robberies by telegraph.

On Trial for a Fend Killing.

Salem, Ills., 28.—In the Marion circuit court William C. Jarvis was placed on trial for murder. Jarvis shot and killed Frank Delonshau at Iuka on Oct. 6, 1898, the trouble growing out of a feud which had existed between the two for several years. Jarvis pleads self-defense.

Earthquake at Smyrna.

London, Sept. 28.—The Echo says the Greek government has been informed of severe shock of an earthquake around Smyrna killing thousands of persons, injuring 800 and demolishing 2000 houses and two villages.

STILL GREETING DEWEY.

The Admiral Yet the Center of Attraction at New York.

New York, Sept. 28.—Admiral Dewey was considerably fatigued by his rounds of visitors and receptions Wednesday, and did not rise until a later hour than usual today. He breakfasted with Flag Lieutenant Brumby and then remained in quarters attending to some of his mail which had been accumulating very rapidly since he came into the bay.

There was a large crowd of sightseers out early in excursion boats, launches and row boats, and they became enthusiastic when "at colors" was sounded and officers and crew gathered on the decks of the various warships, while half a dozen bands played "The Star Spangled Banner."

After finishing his correspondence, Admiral Dewey appeared on quarter deck and paced up and down for the benefit of his constitution. At that time there were a score of yachts around the flagship. People on excursion steamers and yachts cheered wildly the first sight of the admiral and he was kept busy bowing in return.

There is but one organization of troops here from Texas to take part in the land parade Saturday. The state authorities tried to make arrangements for a favorable rate with the railroads, but without success. The organization that will be here is the Garry Rifle of Corsicana, from Corsicana, Tex., and their expenses are paid by W. D. Garity, for whom the rifles were named.

Three hundred and fifty men who fought under Dewey at Manila, were presented on board the Olympia with the bronze medals awarded them by congress. Captain Lambertson made the presentations, pinning the medal on the breast of each man as his name was called. The medals bear Admiral Dewey's face in relief. Admiral Dewey's Chinese servants were also decorated.

Rear Admiral Howison was an early visitor to the Olympia to pay his regards to Admiral Dewey.

Rear Admiral Howison says that the Chicago would appear in the naval parade, but that he would not take precedence over Admiral Sampson, the Chicago being assigned to the last place in line.

DEWEY LANDS.

He Sets Foot on American Soil After Twenty-Three Months.

New York, Sept. 28.—Admiral Dewey set foot on American soil for the first time in 23 months when he stepped from the commandant barge Undine on to the dock at the Brooklyn navyyard at 4 o'clock yesterday afternoon. His visit to the navyyard was to return the official call made by Rear Admiral John W. Philip. The admiral was dressed in full uniform with epaulets and cocked hat. He was accompanied by his aides, Captain Lambertson of the Olympia and Flag Lieutenant Brumby. The party was met by Rear Admiral Philip.

Mexican Officials' Escort.

Chicago, Sept. 28.—The special escort committee for Mr. Mariscal and other prominent Mexican officials has not yet left Chicago. A change in the plans of the committee is due to a telegram received Tuesday from Mr. Mariscal. In this message it was announced that the officials would leave the City of Mexico Saturday night, going direct to Eagle Pass, Tex. It was requested that the committee meet the other party at Eagle Pass and accompany it to Chicago.

Will Test the Law.

Kansas City, Sept. 28.—State warrants were issued for the arrest of 14 of the principal merchants of Kansas City, who are charged with the violation of the law for the regulation of department stores, in that they refused to furnish statements showing that the lines of goods sold and the volume of business transacted to the state commission for the collection of department store licenses. Nearly all of the accused merchants were arrested and released. The merchants will test the constitutionality of the law.

More Supplies for Porto Rico.

Philadelphia, Sept. 28.—At a meeting of the permanent relief committee, it was decided to send another cargo of supplies to the flood and famine sufferers in Porto Rico. The chairman of the committee was instructed to communicate with the authorities at Washington and request the use of a vessel to carry the contributions. The value of the cargo is \$20,000. That carried by the transport Panther some time ago was valued at \$25,000.

Rural Free Delivery Mail Wagons.

Terre Haute, Ind., Sept. 28.—The Terre Haute Carriage and Buggy company, which made 200 mail wagons for carrying mail in cities has received an order for five specimen wagons for the rural free delivery service. The purpose is to have them ready by the time of the meeting of congress, to be used as an exhibit for congressmen, who will be asked to make a much larger appropriation for this service.

Hundreds Drowned.

Calcutta, Sept. 28.—Lieutenant Governor Sir John Woodburn has announced

One Never Gets Over!

The habit of eating, no matter the span of life, and so its best to keep conditions right; its best to use the foods that give greatest comfort and pleasure, that are pure and healthful. Keeping always the best, and passing it along at economical prices, is what attracts good buyers towards this store and is the basis of our excellent and growing trade.

ed to the council that 400 lives were lost through the floods at Darjeeling, the capital of the district of that name, in addition to those drowned on the plains.

New Cancellation Stamp.

St. Louis, Sept. 28.—Postmaster Baumhoff has completed arrangements for the use of a special cancellation stamp, with the words "World's Fair, Louisiana Purchase, Centennial 1903," to be used on incoming and outgoing mail.

Bank President Found Dead.

Atchison, Kas., Sept. 28.—W. Cummings, president of the State Bank of Effingham, was found dead in bed. He was 65 years old and very feeble, and his death was due to heart disease.

Steamer Ashore.

Heath Point, Que., Sept. 28.—The overdue steamer Scotsman is ashore on the straits of Belle Isle. The steamer Montfort, carrying 250 of her passengers, has passed in.

GET READY FOR THE CENSUS

The census law declares that the statistics of crops, products and manufactures shall be gathered for the year 1899, but the gathering thereof can not take place until June 1, 1900. Therefore many of the crops of the south Atlantic coast and the gulf states will have been planted, gathered, sold and largely forgotten and another set of crops will be under way or have been already disposed of between January 1, 1899, and the arrival of the census enumerators on June 1, 1900.

Hundreds and thousands of growers will then be unable to furnish the information the law requires unless they shall have kept books or other written records of the crops. Comparatively few do that, a fact that has tended to make the exhibit of southern products unduly meager in previous censuses, and the census officers, as well as the people themselves, were powerless, at the moment the enumerators were making their canvas, to overcome their deficiency.

It is, therefore, important that the people of this section bear in mind that the enumerators will be coming around next June to ascer-

tain what was produced this year. A few notes made as the crops are harvested, as the manufactures are turned out and the live stock are sold will insure something like accuracy in the twelfth census.

The importance of this subject can not be over estimated. The press and the people should pass it along the line to those who do not read, so that the fullest possible information may be available at the proper time.—Galveston Tribune.

A Pleasant Evening.

Dr. and Mrs. H. L. Fountain entertained the young people Wednesday evening complimentary to Miss Allison of Natchitoches, La. Colored lights dotted the beautiful lawn, where chairs were arranged at intervals. In a corner adjoining the veranda tea and sandwiches were served from a pretty table. The decorations were of cedar, roses and ferns. The receiving party was composed of Mrs. H. L. Fountain, Mrs. W. S. Howell, Miss Allison and Miss Shepard.

The young people heartily enjoyed the entertainment and are much indebted to Dr. and Mrs. Fountain who always make them have a good time.

Miss Allison of Natchitoches, Miss Horne of Marlin, Miss Shepard, Miss Smith, Miss Dona Coulter, Miss Frances Parker, Miss Peverly, Miss Clarke, Miss Adams, Mr. and Mrs. W. S. Howell, J. R. Astin, Milze Derden, Ed Saunders, T. K. Lawrence, W. J. Coulter, F. W. McConico, Will Johnson, Jno Wilson, George Smith and Malcolm Carnes were in attendance.

PLAYING FOR FAVOR.

Filipinos Treating American Soldiers Well to Gain Confidence.

Manila, Sept. 28.—The insurgents are trying to incite the natives of Malabon, a city of 30,000 inhabitants five miles from Manila, to rise against the American garrison. Captain Allen has been holding the place with two companies of the Sixteenth infantry, but on account of the need of all the available men to the front his force has been reduced to 70 men. They now remain near the big church where they are quartered, being too few in number to attempt to patrol the town. Malabon has been made the shipping point whence provisions and other stuff are brought from Manila by trains and shipped into the hostile territory.

The insurgents seem to be trying to make their good treatment of the American prisoners a card by which to gain outside sympathy. Two Englishmen who have arrived here from Tarlac report the Americans are treated more like guests than prisoners. They are fed on the best the country affords and everything is done to gain their favor.

A Filipino paper says on the occasion of a recent fete at Victoria, in celebration of a mythical Filipino victory, the American prisoners there were given the freedom of the town and five pesos each with which to celebrate the "victory."

The Englishmen also say the Filipinos have offered all the Americans commissions in the army and that three of them accepted. This is not believed.

The American officers north of Manila tell the correspondents of the Associated Press that Aguinaldo is attempting to force good government after the American plan ordering his soldiers to suppress a band of robbers, three of whom were executed at Marikina. He has also prohibited gambling in the villages under his control.

Paterno, the president of the so-called Filipino cabinet, has fallen into disfavor among the Filipinos on account of his peace proclivities. They suspect him of planning to repeat his treachery of the former insurrection when he went over to the Spaniards, and they may expel him.

Aguinaldo has issued a decree inviting Filipino deserters to return within a month, in which case they will be pardoned.

AN EASY VICTORY.

McCoy Shows His Superior Fighting Qualities Over McCormack.

New York, Sept. 28.—Before 4000 persons at the Lenox Athletic club here Kid McCoy clearly proved that Jack McCormack of Philadelphia won by a fluke a few weeks ago in Chicago when he knocked McCoy out. They met at catch weights for a twenty round go and McCoy reversed matters in a very thorough manner. He simply smothered the big wrestler and made him look like a novice. He sent him down several times, but McCormack was not satisfied with these breathing spells, for he lay down several times without receiving a punch. He also transgressed the rules by holding and wrestling and was frequently cautioned. He feigned being groggy a couple of times and tried to catch McCoy off his guard so that he could swing his right over. McCoy was not to be fooled by these wiles, and kept on the alert all the time. He certainly would have put McCormack to sleep had the big fellow stood up and fought like a man. The spectators became disgusted with McCormack's actions and so did Referee Charles White, who sent him to his corner in the eighth round on account of his dropping and declared McCoy the winner.

ALMOST A LYNCHING.

Negroes Seek the Life of a Detective for Catching an Escaped Convict.

Chicago, Sept. 28.—Negroes in Chicago Wednesday night tried to lynch James Washington, a detective, because he ran down and surrendered to the Tennessee officials Edward Cole or Curtis, an escaped convict. Their anger was roused because Curtis since his escape has married and settled somewhat.

A crowd of 300 surrounded Washington's home on State street and cried for vengeance. Angry mutterings grew into loud cries of "bring him out," "lynch him," "shoot him," and a rush was made for the house. Police Officers Kelley, Raftus and Vail fought desperately to keep back the crowd, but they were overpowered and had about given up saving Washington's life when a patrol wagon filled with officers came in response to a riot call. The police were compelled to use their clubs freely. Washington was taken to the police station for safety and a guard placed at the house.

Another Fast Pacer.

Louisville, Sept. 28.—Amid the enthusiastic plaudits of a big crowd at the fair grounds here the little brown gelding, Bumps, owned by W. K. Billings of Chicago, trained by C. R. Bentley and driven by W. L. Snow, broke the world's wagon pacing record of 2:04, held by Joe Patchen. The mile was paced in 2:03, a second and a half better than the record. The little gelding, moving like a piece of clockwork, did not once falter during the journey from wire to wire.

Suicide Rather Than Disgrace.

New York, Sept. 28.—Because he feared a court-martial, the publicity of which he believed would ruin his reputation, Dr. John Henry Fuess took his own life on the United States transport Burnside just before her arrival from Cuba.

VENEZUELAN REVOLUTION.

The Capital Is Practically Invested by the Revolutionists.

New York, Sept. 28.—A dispatch from Port Spain, Trinidad, says that Caracas is practically invested by the revolutionists. General Cipriano Castro's forces are moving from Valencia and Victoria separated into three divisions. The right wing has already captured San Casimero and Ocumaro and is now occupying Valley Tuy river and is now commanding the road to Caracas, which is 30 miles distant. The left wing is occupying Caralucia and the entire sea coast to Puerto Cabello, and are moving toward La Guyara with the special object of cutting off the escape of President Andrade.

The center and main divisions of the rebel army are under the personal command of General Castro and moving on Los Teques and proposes to combine with the forces from Tuy valley to make an assault on Caracas. General Castro surprised the government troops on the plain of Falcencia, causing a loss to Andrade's forces of 1500 men killed and wounded. General Adrian of the government army is among the slain. Loss to the revolutionists was slight. The province of Coro is now held by the insurgents. The city of Carupano has taken up arms in favor of the revolution. It is believed President Andrade has sent his family on the steamship Philadelphia to New York, he having ordered the Philadelphia by dispatch from Curacao. The government of Trinidad has issued a proclamation against filibustering expeditions threatening severe penalties. It is believed another expedition is being fitted out here for Venezuela.

Robbed the Same Man Twice.

Macon, Mo., Sept. 28.—B. B. Stewart was found guilty in the circuit court of stealing a grip from a traveling man named Lowenstein. In the grip were \$50 worth of mileage tickets and other valuable property. The prisoner was sentenced to two years in the penitentiary. A curious point in Stewart's case is the fact that he had just completed a two years' term at Jefferson City for robbing Lowenstein of two sample cases at La Plata. He had been out of the penitentiary hardly a month before he was again in custody for robbing the same man, though he claims he did not know whose grip he took.

Osage Indian Wedding.

Guthrie, O. T., Sept. 28.—Claude Oberly and Miss Maggie Bigheart, full-blooded Osages, both highly educated, were married at the Bigheart mansion, near Pauhaska, or rather they will commence to get married, for the ceremony will last three days. They were married according to the Indian custom, the bride seated on a spirited horse and surrounded by maidens, being seized and carried off by the groom. They will be married by the priests of the Catholic church. Then will follow a two day's feast or banquet, which will be attended by hundreds of guests from every part of the reservation.

Fell Into a Deep Hole.

St. Louis, Sept. 28.—Mrs. Margaret Thomas, 71 years of age, met death here while hanging a clothesline. The woman lost her balance and fell into a hole, breaking her neck. Mrs. Thomas was engaged to do the washing for the Remington family at 5557 Manchester avenue. About 9 o'clock the woman started to hang out clothes. While she was walking from one pole to the other with the clothesline in her hand, she fell into a hole 12 feet deep, which she had failed to notice. Her neck was broken.

More Lands Leased.

Austin, Tex., Sept. 28.—The land commissioner has leased about 164,000 acres of land in Brewster county, consisting of the odd numbered sections recovered from railroad companies. It was leased to parties entitled to the thirty days' preference right, who are the big ranchmen. All the way from 3 to 13 cents per acre was the price paid and will also bring one and a half years back rental, which will amount to quite a large sum.

Fallen Heir to One Million.

Kansas City, Sept. 28.—Mrs. J. T. Van Smythe, wife of a local physician, has, according to advices received, fallen heir to an estate in Rotterdam, Holland, valued at \$1,000,000 left by an aunt. Mrs. Van Smythe was Miss Lucille Livingstone of Richmond, Va. She was married in Kenosha, Wis. Mrs. Van Smythe has already proven her title to the property.

Will Start Saturday.

Chicago, Sept. 28.—Manager Sam Cook, of the ways and means committee of the Democratic national committee, will leave for St. Louis to-night, and on Saturday he will start with a party of St. Louis Democrats for Dallas, Tex., to attend the Democratic carnival in connection with the Texas state fair on Monday and Tuesday.

Founder of Wichita Dead.

Wichita, Kan. Sept. 28.—William Griffen Steen, the founder of Wichita, died at Shawnee, I. T. He left Germany as a political exile in 1850. He was a well known Indian trader and frontiersman.

Killed by a Train.

Groesbeck, Tex., Sept. 28.—A. G. Harris a farmer, living about three miles south of this city, was killed by an extra freight going south. Mr. Harris was an old man and slightly deaf.

Five Trainmen Killed.

Helena, Mont., Sept. 28.—A collision occurred on the Great Northern road near Glasgow between a light engine and a freight train. Five trainmen were killed.

Shakespeare Club.

The Shakespeare Club met last Saturday with Col. and Mrs. M. W. Sims. The work of organization was completed, and the club is now on a basis of regular study. The next meeting will be held with Miss Dollie Carr, next Saturday evening, 8 to 10 o'clock.

The club decided to give notice to all who have signified a desire to belong to the organization, that they appear this next meeting or render satisfactory excuse, as it is desired that members get down to a working basis at once. The subject for first study was changed and the drama of Hamlet substituted for the Merchant of Venice, before agreed upon.

The next meeting should be one of real interest and the Eagle hopes it will have a good attendance.

A Slow Trot Around the Globe.

Unlike his predecessors in globe-trotting, J. F. Anderson, of California, who reached Philadelphia the other day on a trip around the world, is not trying to break the record for fast time. On the contrary, if he makes any record it will be the long time record, for he is devoting five years to his tour, two of which have been spent in visiting thirty-two states in this country. The balance he will visit on his way to the Gulf of Mexico, he having left for the South last evening. Mr. Anderson started from Pomona, Cal., in 1897, and in a small covered wagon drove into Mexico. On May 20 he left Mexico and drove up through California. In July he proceeded in the same manner through the timber regions of Oregon and Washington and spent the winter on Puget sound. Crossing the Cascade mountains and the Idaho lava beds, he proceeded to Yellowstone park. After riding 6,000 miles in his wagon he arrived at New York, where he sold his team and bought a bicycle, on which he arrived in Philadelphia. In the early part of next year Mr. Anderson will, he tells the Record, leave for London, where he intends to visit the Christian Endeavor convention. After attending the Paris exposition he will cross the Alps and will go to Constantinople by water. Thence he will traverse Asia Minor in the same manner he traveled through this country. After visiting Egypt, India, China and Japan, he will return home via this country's newly acquired possessions in the Pacific ocean.

A Soap Talk!

DO YOU KNOW how to judge a pure soap? A soap to be just right must leave the skin as before using, and to do this it must be neutral—no excess of alkali. We have made soaps, especially toilet and medicinal, a study, so you take no risk in buying them of me—no higher than elsewhere. We have just received a new stock of delightful soaps, including Crushed Roses, Crushed Lillies, Crushed Lilacs, Crushed Violets and the well-known La Tosca. These goods are the very best, and cannot help please the most fastidious. Come to see me when you need SOAP.

We do not try to impress the public how cheap we can prepare a prescription; rather how well, how true, how accurate. Our prices please too. Bring them to me and the results will bring you back again.

Ben S. Read.

IS GROWING SERIOUS.

Yellow Fever Spreading at Jackson
and New Orleans.

NO FURTHER DEATHS

Three New Cases at the Former and
Two at the Latter Places—Thirty-
One Cases under Treatment
at Mississippi City.

Jackson, Miss., Sept. 28.—The board
of health late last night reported that
five cases of yellow fever of pronounced
type exists in Jackson, three new ones
having been reported during the day.
The additional patients are Mrs. O. J.
Waite, Mrs. Jacob Kausler and McGee
Porter, all white. The latter is a brother
to Major D. P. Porter who died with
the disease two weeks ago. All infected
houses are isolated and under close
guard.

There is a continued disposition on
the part of the citizens to remain in
town and up to date not over 200 people
have left. The general belief is that
early frost will stamp out the infection.

Reports from Mississippi City show
that 31 cases are under treatment there,
but no deaths.

Two New Cases.

New Orleans, Sept. 28.—Two new
cases of yellow fever were reported by
the board of health Wednesday. There
were no deaths.

Twenty-six Cases at Key West.

Key West, Fla., Sept. 28.—There are
26 new cases of yellow fever reported
and one death.

Officials Leave Jackson.

Jackson, Miss., Sept. 28.—Governor
McLaurin, Treasurer May and Superin-
tendent of Education Whitfield have
left the city on account of yellow fever
prevalent here. The business of the
treasury is being transacted through
one of the local banks. No new cases
have been reported.

Kills Her Children.

Detroit, Sept. 28.—Mrs. Theo. Reiner
here murdered two of her children, at-
tempted to murder the third and then
cut her wrists with suicidal intent.
Harold, aged 3, and a baby of three
months are dead and a daughter, aged
7, is dying. Mrs. Reiner gave the chil-
dren morphine and then turned on il-
luminating gas. Her brother found
them. Mrs. Reiner is at the hospital
in a very precarious condition. She ad-
mits killing the children and says she
wishes she was with them. Domestic
troubles are believed to have unbal-
anced her mind.

Mortgage Held Invalid.

Kaufman, Tex., Sept. 28.—In the case
of the state vs. J. A. Head, charged with
fraudulently disposing of mortgaged
property, in the district court, Judge J.
E. Dillard held the indictment to be bad
and showing no cause of action against
the defendant, as the indictment showed
that the mortgage was given before the
crop was planted and did not come
within the purview of the statute as a
growing crop. The decision has caused
a great deal of interest, as it is said a
vast majority of crop mortgages are ex-
ecuted before the crops are planted.

Still in a Muddle.

Chicago, Sept. 28.—Charles Truax has
resigned as president of the fall festival
association and the general committee
has refused to fill his place. Nothing
further was done toward a settlement
of the labor troubles. Members of the
Federal committee declare that unless
an adjustment is reached today, the
corner stone ceremonies must be aban-
doned and the invitation to President
McKinley, Mexican and Canadian offi-
cials, governors, senators and congress-
men recalled by telegraph.

Jumped for His Life.

Waxahachie, Tex., Sept. 28.—While
unloading cotton seed at the oil mill a
freight train backed in on the siding
next to the mill and came in collision
with a wagon, completely demolishing
it and killing one of the mules. J. C.
Culbertson had to jump for his life,
and in doing so, narrowly escaped com-
ing into contact with the seed carrier.

An Accidental Killing.

Guthrie, O. T., Sept. 28.—A 6-year-
old daughter of M. F. King of Cleveland
county was accidentally shot and killed
by her 12-year-old brother. She was in
bed when he returned from hunting and
his gun was accidentally discharged as
he was putting it in a rack, the load en-
tering the little girl's head and killing
her instantly.

Texas Cotton Crop.

Galveston, Tex., Sept. 28.—Reports
to the office of the general manager of
the Gulf, Colorado and Santa Fe rail-
way received from agents show the
condition of the cotton crop on about
one-half of the line to be 50 per cent be-
low last year, and on the other half 45
per cent off, an average of 48 per cent
decrease for the entire line.

Killing in Alabama.

Montgomery, Sept. 28.—W. T. Noble
shot and killed Stephen J. Bargainer in
Lowndes county. They were walking
along the highway, Bargainer carrying
a rifle and Noble a pistol, when the
shooting occurred. The cause
is not known. Both belong to prom-
inent families.

Dewey Home Found.

Washington, Sept. 28.—The Dewey
home fund has reported a total of \$43,-
002.

WHEELER LEADS.

He Moves on Porac at the Head of the
Ninth Infantry.

Manila, Sept. 28.—General MacArthur
entered Porac after a half hour's fight-
ing. The American loss was slight and
the insurgent loss is not known. The
enemy fled northward. When the
Americans entered the town they found
it practically deserted.

The attacking party moved on to
Porac in columns. The Ninth infantry
with two guns, from Santa Rita, com-
manded by General Wheeler, and the
Thirty-sixth infantry, under Colonel
Bell, with one gun, accompanied Gen.
MacArthur from San Antonio. Both
columns struck the town at 9 o'clock
and opened a brisk fire which was re-
plied to by the enemy for half an hour.
Then the insurgents fled and the Amer-
icans marched over the trenches and
took possession of the place. Just be-
fore the fight Smith's command at
Angeles made a demonstration by firing
artillery up the railroad track. Lisum
reported one casualty and Bell reported
four men of his regiment wounded. The
artillery did not have any men injured.

The movement was a strategical suc-
cess and resulted in the possession of
Porac and the clearing of several miles
of country. Two columns, one from
Santa Rita and one from San Antonio,
united before Porac according to the
programme, stretching around the place
for some miles. The insurgents are es-
timated to have about 600 men. Ten
dead Filipinos were found and a captain
and General Mascarno's command were
taken prisoners.

The American loss was five killed, but
there were many prostrations from heat.
Englishmen from the insurgent lines
report the Filipinos at Bamban have
7000 new Japanese rifles.

ROUTED THE REBELS.

American Troops Take Porac With but
Slight Loss.

Manila, Sept.—The movement against
Porac, about eight miles from Bacolor,
in Pampanga province, which began at
daybreak, is conducted personally by
General MacArthur. General Wheeler,
with the Ninth regiment and a battery,
is advancing by two roads, while Gen.
Wheaton, commanding the Twelfth
and Seventeenth regiments, is moving
to block the insurgents from retreating
to the north. The Thirty-sixth regi-
ment accompanies General MacArthur.
Firing has begun near Angeles.

Two Filipino majors came to the
American lines with messages regarding
the American prisoners who were to
arrive this morning. They also re-
quested permission from General Alej-
andrino, for one colonel and two lieut-
enant colonels, to visit General Otis.
They were refused entrance to the
American lines until noon Friday, on
account of the fight, and General
Alejandrino alone will be allowed to
visit General Otis.

The insurgents recently entrenched
and garrisoned the town of Paeto, on
Laguna de Bay, in the province of La-
guna. Subsequently Captain Larsen,
commanding the gunboat Napidan,
landed for a conference with the citi-
zens. As he was proceeding up the
main street of the town with a squad he
was received with a volley from a hid-
den trench. The party retreated to
their boat under cover of the buildings
and regained their vessel. The Napidan
bombed the trench for an hour, com-
pletely destroying it.

Arkansas Timber Suits.

Little Rock, Ark., Sept. 28.—The
timber suits instituted by the govern-
ment against A. J. Neimeyer of St.
Louis, Charles Neimeyer of Little Rock
and the Saginaw Lumber company
were settled satisfactorily out of court.
The jail sentence imposed upon A. J.
and Charles Neimeyer as the result of
the first trial was set aside by Judge
John A. Williams and the other five
cases were dismissed. It was conceded
by the government that the fine and
sentence against A. J. Neimeyer could
not have been assessed had he not, as
president of the Saginaw Lumber com-
pany, assumed responsibility, when, in
fact, he did not have personal knowl-
edge of the timber cutting until after
the offense had been committed.

Terry's Texas Ranger's Flag.

Austin, Sept. 28.—The Confederate
veterans of Texas are making extensive
preparations for the proper reception of
Governor James A. Mount of Indiana,
and the members of his party at Dallas
on Oct. 4 and 5, on the occasion of the
return of the captured Confederate flag
of Terry's Texas rangers. The formal
return of this flag will take place on
Oct. 5. An elaborate programme has
been prepared for the occasion, which
will include addresses by Governor Say-
ers, Governor Mount and others. The
party will leave Indianapolis for Dallas
Oct. 2.

Fell Into a Boiling Vat.

St. Louis, Sept. 28.—John Dunn, a la-
borer, fell into a vat of boiling water at
the Swift packing house and was badly
scalded. In the fall he caught the side
of the vat and consequently only the
lower part of his body extended into the
hot water. After striking the water,
however, he claims he could exert no
force with his muscles except to hold on
to the side of the vat. In fact, his very
vocal organs ceased to work, and he
made no outcry of any kind after he
touched the water. His limbs are very
badly scalded, and it is feared that he
will lose the use of both legs.

Settled an Old Feud.

Columbus, Miss., Sept. 28.—At An-
drews' chapel R. C. Littleton was shot
and probably mortally wounded by B.
F. Simons. The affair is the result of
an old feud.
